

1 Effectue les calculs suivants sans poser l'opération.

$78 \times 10 = \underline{\hspace{2cm}}$

$42 \times 9 = \underline{\hspace{2cm}}$

$26 \times 11 = \underline{\hspace{2cm}}$

$45 \times 2 = \underline{\hspace{2cm}}$

$123 \times 100 = \underline{\hspace{2cm}}$

$72 \times 11 = \underline{\hspace{2cm}}$

$36 \times 9 = \underline{\hspace{2cm}}$

$124 \times 2 = \underline{\hspace{2cm}}$

$40 \times 100 = \underline{\hspace{2cm}}$

$84 \times 11 = \underline{\hspace{2cm}}$

2 Effectue les calculs suivants sans poser l'opération.

$35 \times 100 = \underline{\hspace{2cm}}$

$31 \times 11 = \underline{\hspace{2cm}}$

$26 \times 2 = \underline{\hspace{2cm}}$

$23 \times 9 = \underline{\hspace{2cm}}$

$72 \times 10 = \underline{\hspace{2cm}}$

$201 \times 1\,000 = \underline{\hspace{2cm}}$

$312 \times 20 = \underline{\hspace{2cm}}$

$204 \times 40 = \underline{\hspace{2cm}}$

$43 \times 11 = \underline{\hspace{2cm}}$

$1\,201 \times 200 = \underline{\hspace{2cm}}$

3 Effectue les calculs suivants.

x	10	30
51		
42		
123		
32		

x	9	90
24		
35		
44		
52
