

1 Calcule sans poser l'opération.

$$438 - 20 = \underline{418}$$

$$943 - 300 = \underline{643}$$

$$4\,321 - 3\,000 = \underline{1\,321}$$

$$15\,335 - 4\,000 = \underline{11\,335}$$

$$638 - 200 = \underline{438}$$

$$720 - 500 = \underline{220}$$

$$391 - 80 = \underline{311}$$

$$9\,610 - 5\,000 = \underline{4\,610}$$

$$96\,123 - 100 = \underline{96\,023}$$

$$1\,920 - 600 = \underline{1\,320}$$

2 Calcule sans poser l'opération.

$$652 - 32 = \underline{620}$$

$$36 - 25 = \underline{11}$$

$$434 - 123 = \underline{311}$$

$$5\,320 - 210 = \underline{5\,110}$$

$$697 - 53 = \underline{644}$$

$$243 - 41 = \underline{202}$$

$$738 - 210 = \underline{528}$$

$$2\,320 - 1\,010 = \underline{1\,310}$$

$$805 - 203 = \underline{602}$$

$$8\,369 - 5\,201 = \underline{3\,168}$$

3 En t'aidant de ta calculatrice, colorie toutes les différences qui font 55.

356 - 213	631 - 521	70 - 15
987 - 932	147 - 92	478 - 423
321 - 230	307 - 95	804 - 742
87 - 32	185 - 130	232 - 55
